To Whom It May Concern:

I am writing this letter as a recommendation of the services of Petaholics, owned and operated by Mr. Jordan Kaplan. I have been using the services of Petaholics for over a year and have continually been impressed with their professionalism, communication and care for my dog.

Mr. Kaplan ensures that we are comfortable with any walker that comes to our home and walks our dog well before that walker is assigned to us. Moreover, our dog has grown very attached to the dedicated walkers that spend time with her on a daily basis. I am home some of the time her walker comes and I have seen first hand how they treat her like their own pet. Over the past year, Petaholics has not missed one day and has been extremely cooperative with our constantly changing schedule. As you can imagine, it takes a lot of trust to allow someone into your home to care for your pet when you are not around; I have never questioned that trust with Petaholics as a company or with any of its employees.

It is without hesitation that I recommend the services of Petaholics. Should you desire to further discuss my recommendation please do not hesitate to contact me via phone or email.
